ABOUTUS

Welcome to Addlips, where innovation meets illumination. As a leading manufacturer of LED lighting solutions, we pride ourselves on delivering cutting-edge technology and sustainable lighting options. With a commitment to quality, efficiency, and environmental consciousness, our team strives to revolutionize the way the world experiences lighting. From residential spaces to commercial ventures, we illuminate your world with brilliance while reducing energy consumption. Join us in our journey towards a brighter, eco-friendly future with our range of superior LED lighting products."

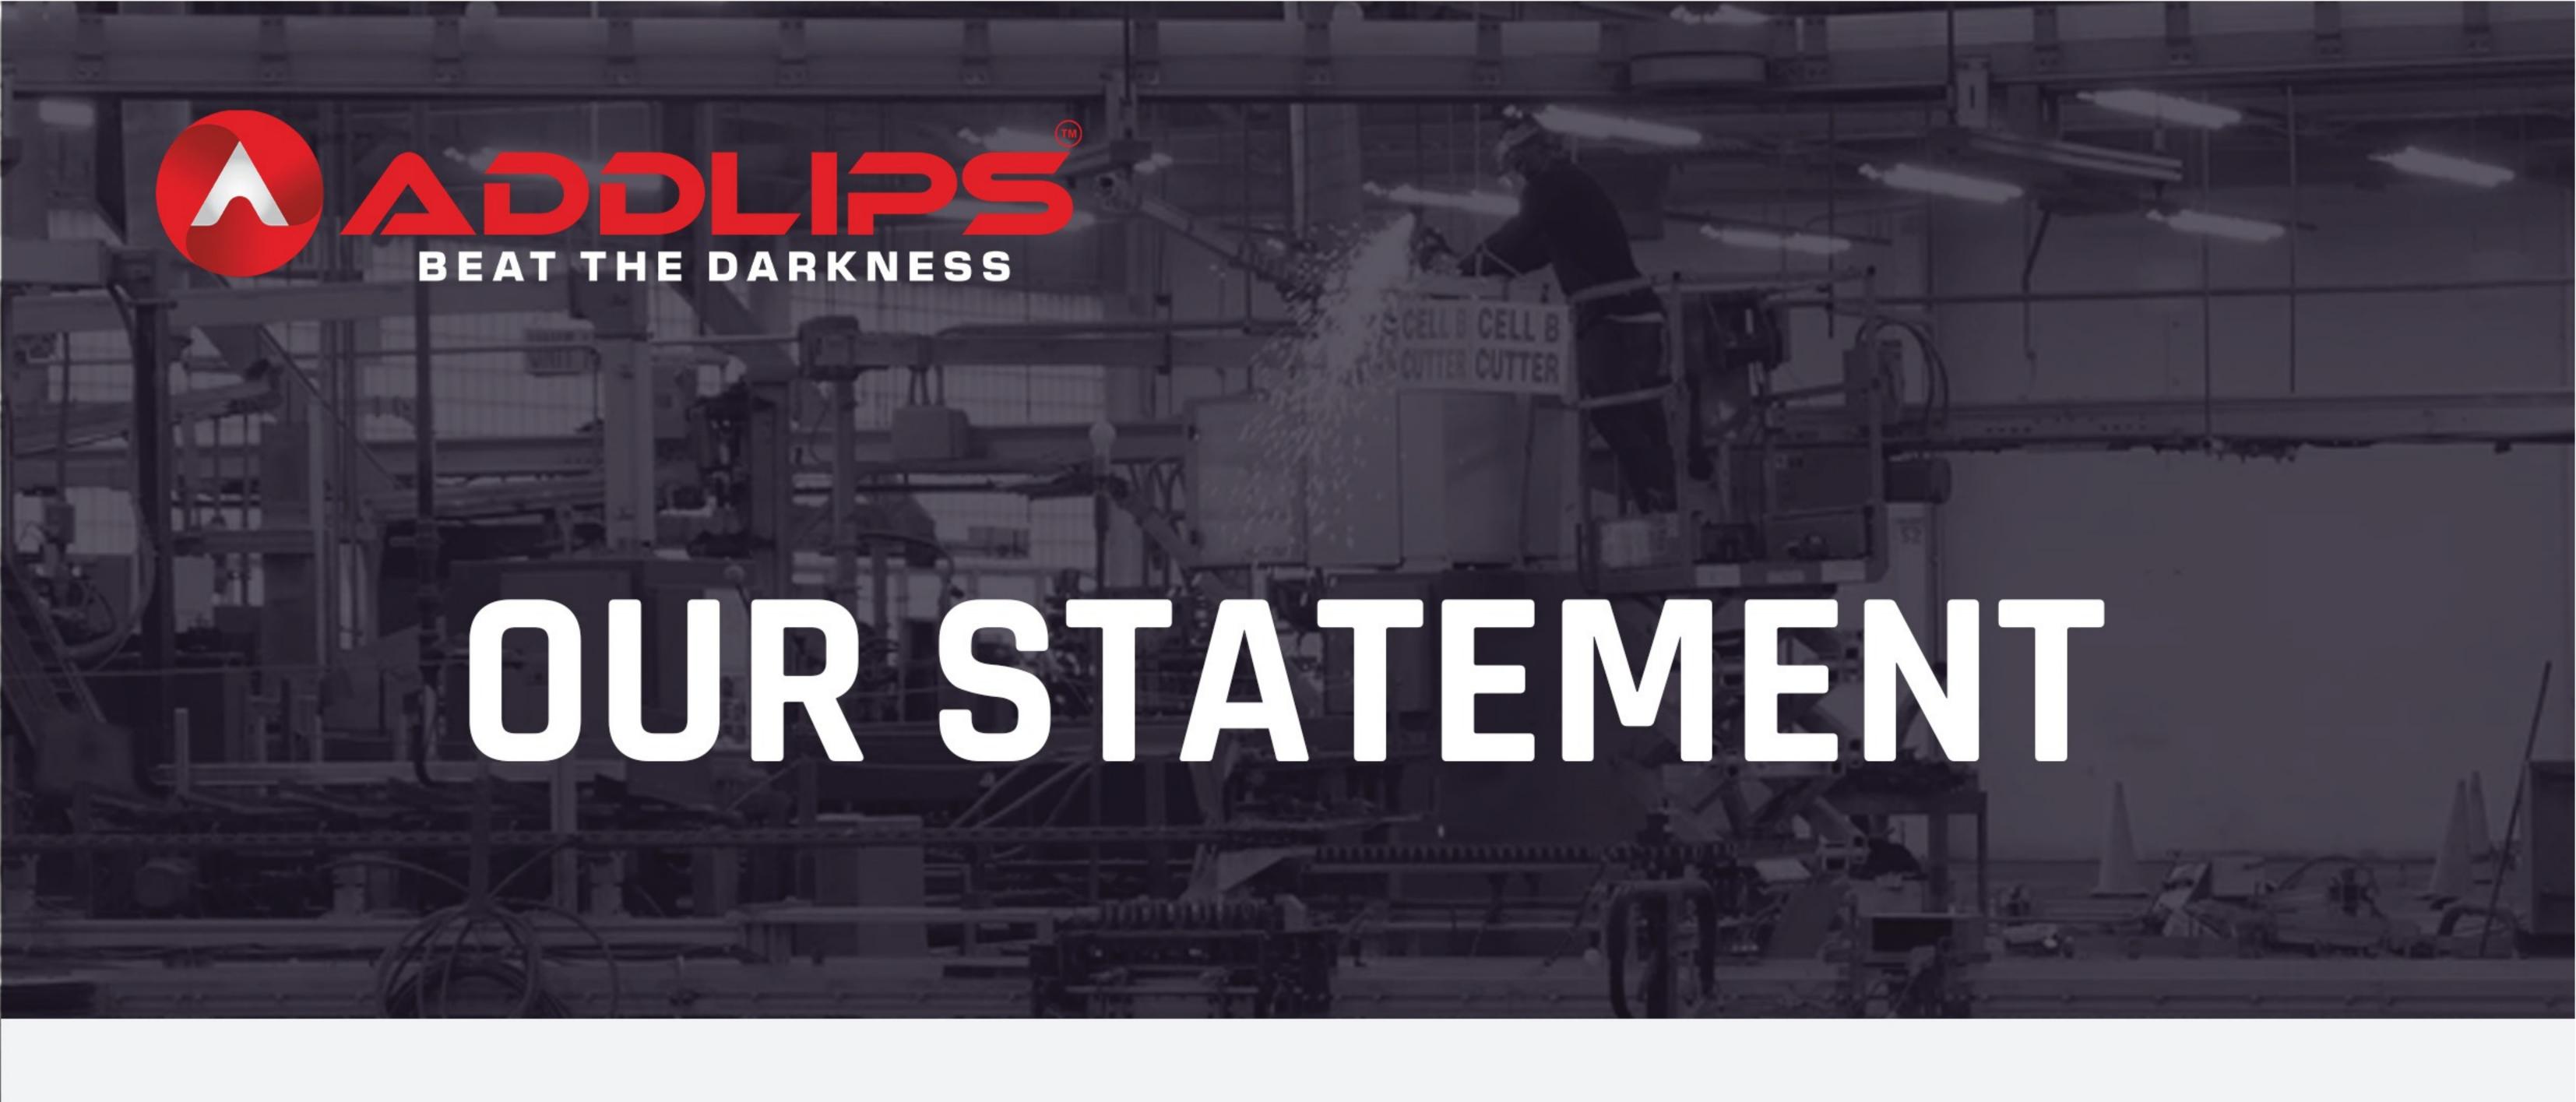

Lighting with Purpose

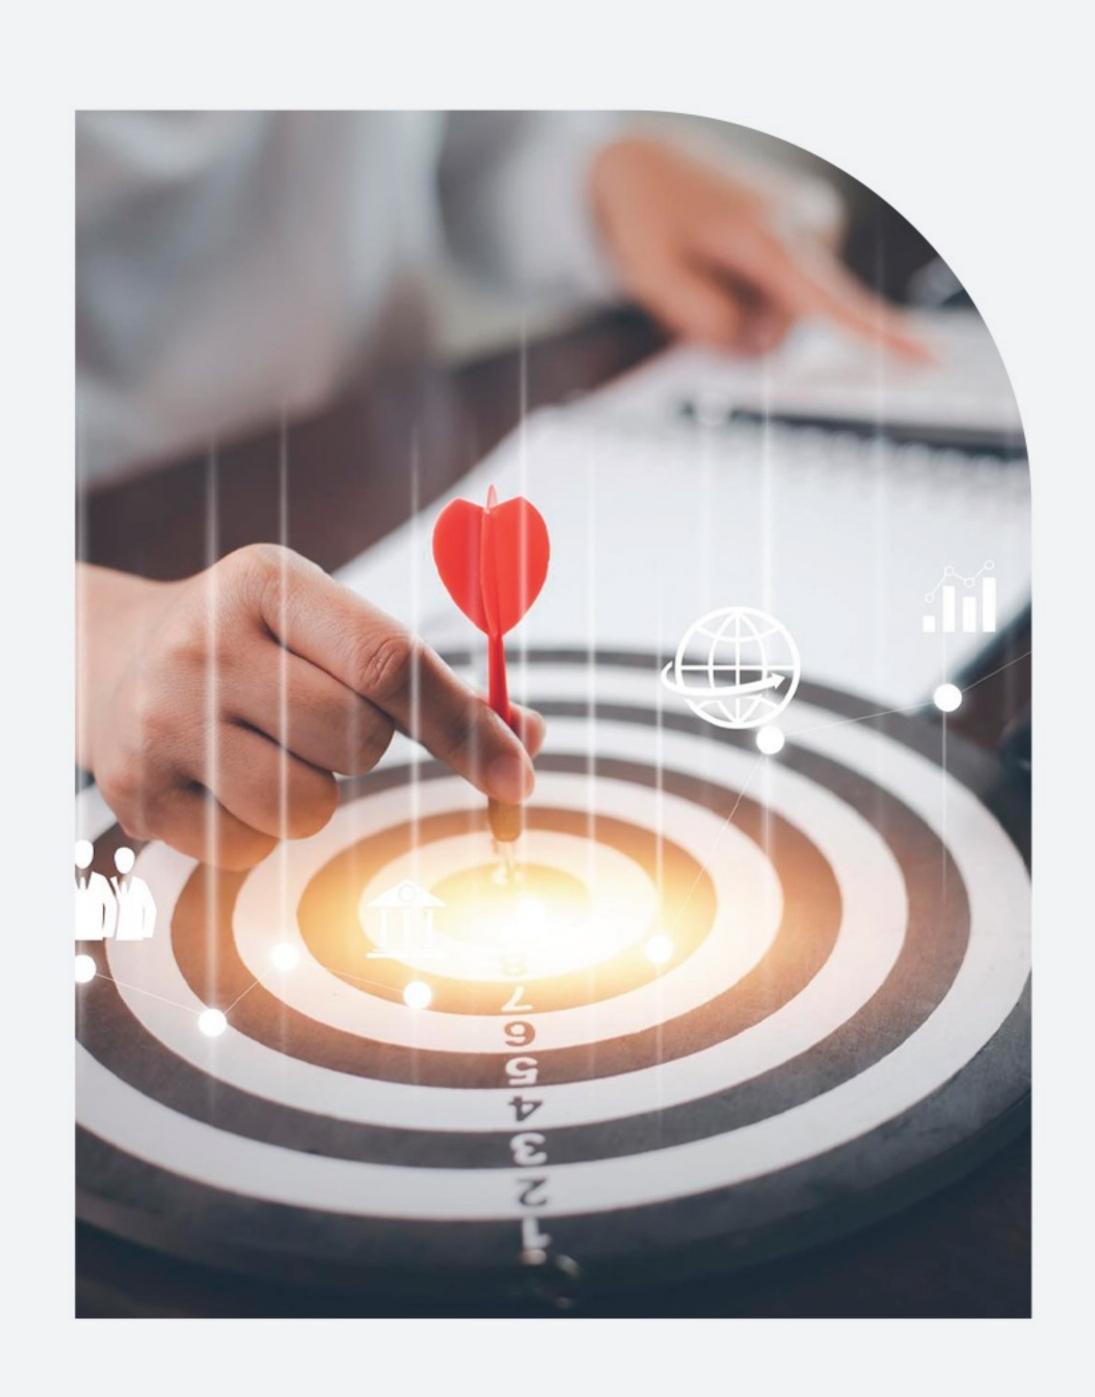

Our LED solutions not only radiate brilliance but also seamlessly integrate with their surroundings, enhancing safety, sustainability, and well-being. From urban landscapes to homes, our products illuminate millions of lives worldwide, making environments safer, healthier, and more eco-friendly.

ADDLIPS Advantage

ADDLIPS goes beyond supplying products; we offer expertise and support from design and planning to installation. We guide you through the world of LED technology, helping you choose the right products, calculate payback periods, and analyze cost benefits for your specific needs. Experience illumination with a purpose at ADDLIPS.

VISION

ADDLIPS envisions a future where innovative lighting solutions redefine surroundings, enhancing lifestyles. We aspire to set industry standards by delivering superior products and services. Our commitment to sustainability and excellence illuminates a path toward a brighter, more energy-efficient world.

MISSION

ADDLIPS relentlessly pursues excellence through automation, ensuring world-class product quality and operational efficiency.

We lead in innovation, creating aesthetically pleasing, eco-conscious lighting solutions. Our dedication to sustainability and customer satisfaction drives us to transform lighting experiences, establishing ADDLIPS as a symbol of lighting excellence.

WHYCHOSE ADDLIPS LIGHTING

ENERGY EFFICIENCY

Save up to 85% more energy compared to incandescent and CFL bulbs.

LONGEVITY

LED lights last approximately 50,000 hours, significantly longer than incandescent lights.

LOW MAINTENANCE

LED lamps require minimal upkeep, ensuring hassle-free and long-lasting performance.

ECO-FRIENDLY

LEDs are environmentally friendly with no harmful materials or emissions and can operate at high temperatures.

DURABILITY

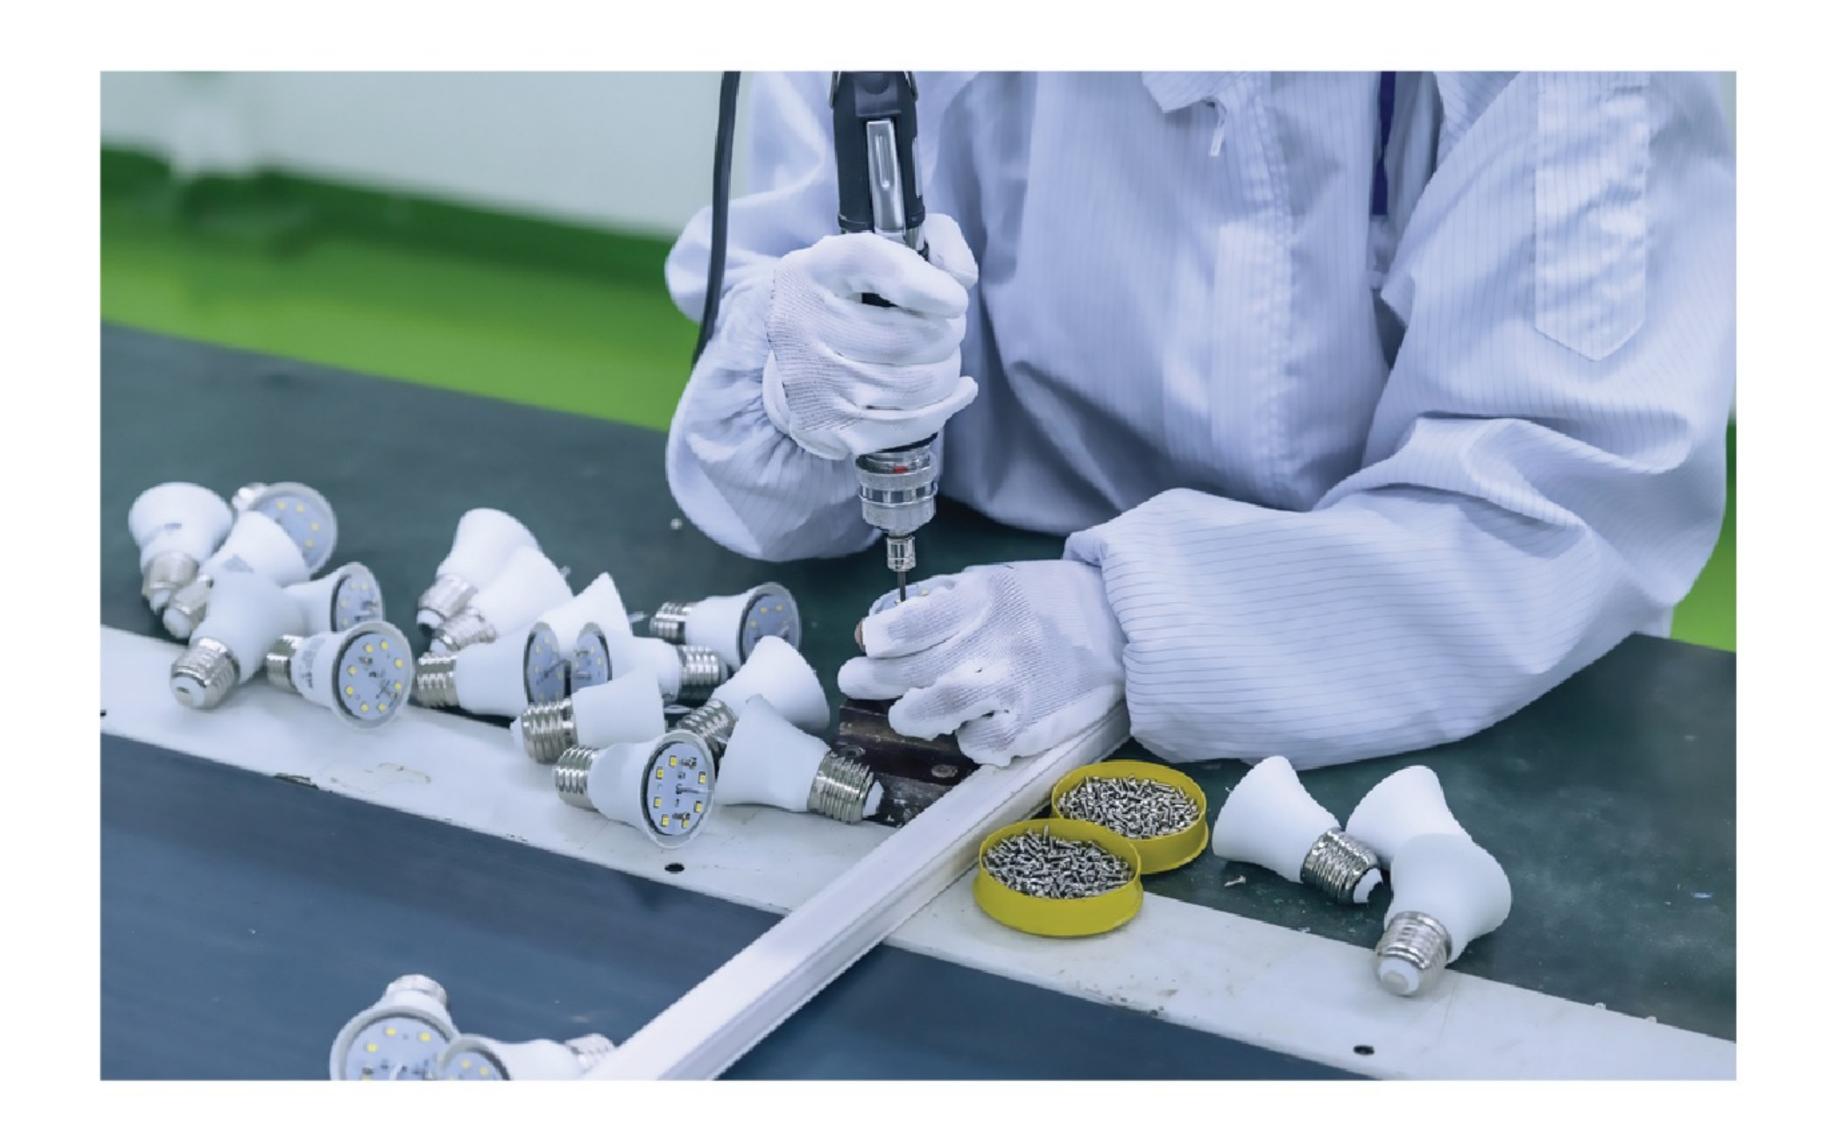

LED lights are less fragile than incandescent or CFL bulbs, as they are not made of glass.

INSTANT ILLUMINATION

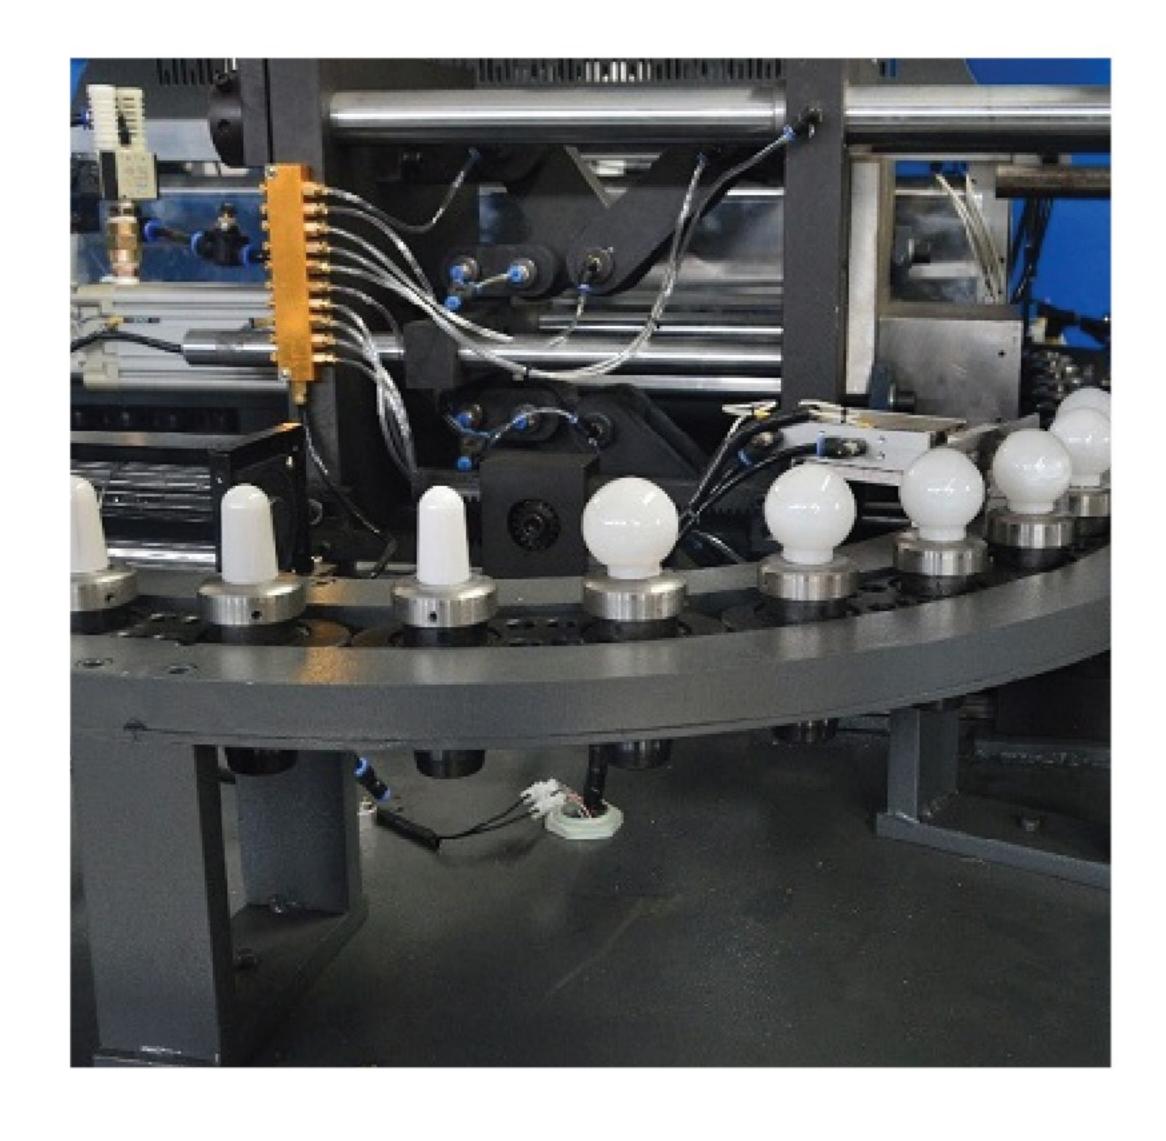

LEDs light up instantly, providing uniform, bright light.

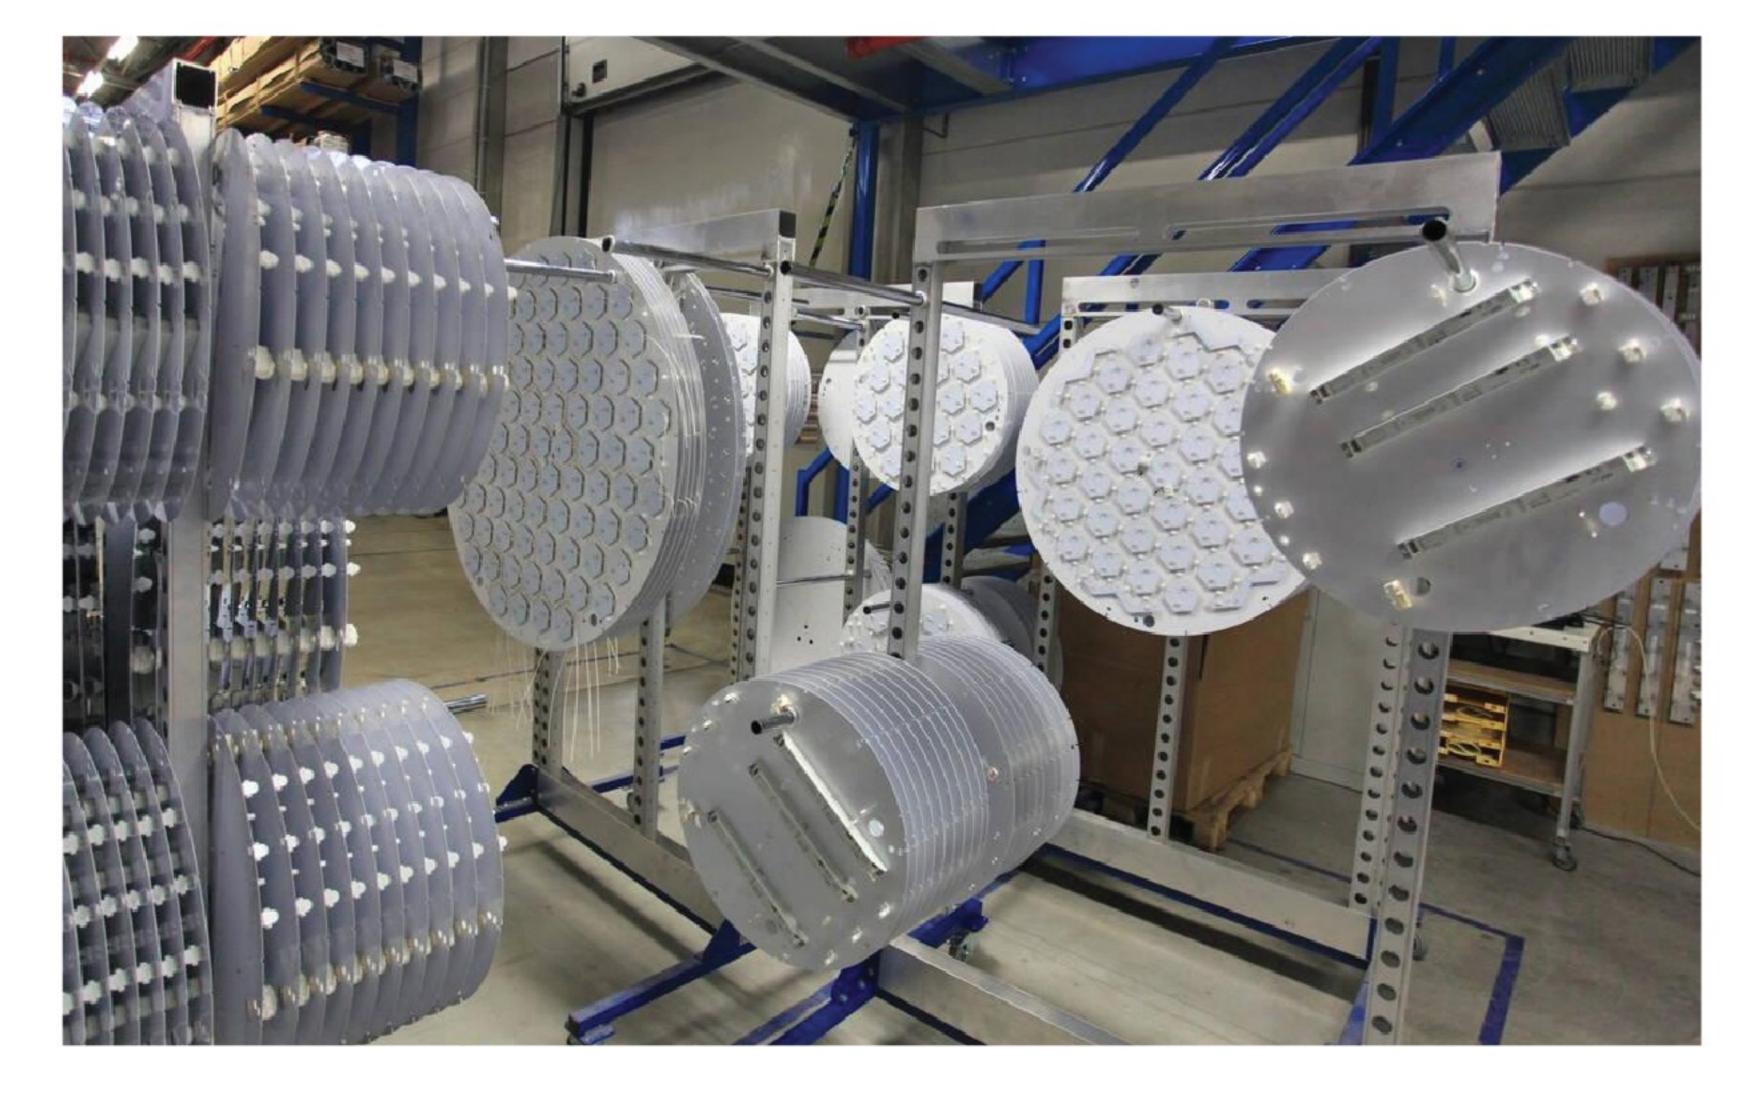

LED DÉCOR BULB

Night Glow Series

SPECIFICATION Average Life Hours 35000 Hrs housing Type PC Body Cap Type B22/E27 Protection **IP20** Size 40*65mm

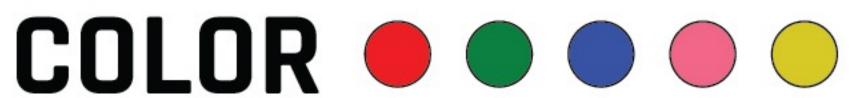

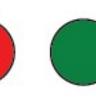

LED BULB 180 Degree

Prismo Series

SPECIFICATION Power Factor >0.9 Input Voltage AC220-240V Driver efficiancy >85% 105lm/W Lumen THD <20% >80% CRI Surge Protection 4KV Ingress Protection **IP20** B22/E27 Cap Type Housing Type **Aluminium insert** with pc Housing

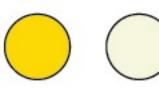

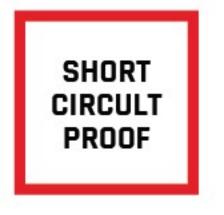

LED BULB 270 Degree

Prismo Series

SPECIFICATION Power Factor >0.9 AC220-240V Input Voltage Driver efficiancy >85% 105lm/W Lumen THD <20% CRI >80% Surge Protection 4KV Ingress Protection **IP20** Cap Type B22/E27 Housing Type **Aluminium insert** with pc Housing

AC DC LED BULB

Night Rider Series

SPECIFICATION Power Factor >0.9 Input Voltage AC220-240V Driver efficiancy >85% 100lm/W Lumen THD <20% CRI >80% Surge Protection 4KV Ingress Protection **IP20 B22** Cap Type Housing Type **PC Housing With Heat Shink**

12W

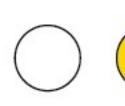

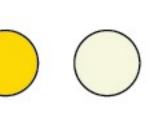

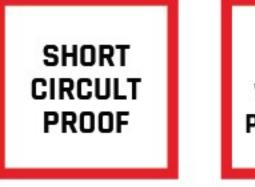

LED COLOR BULB

Prisha Series

SPECIFICATION	
Power Factor	>0.9
Input Voltage	AC220-240V
Driver efficiancy	>85%
Lumen	100lm/W
THD	<20%
CRI	>80%
Surge Protection	4KV
Ingress Protection	IP20
Cap Type	B22
Housing Type	PC Housing With Heat Shink

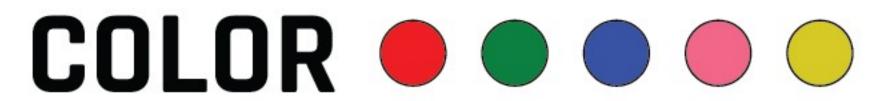

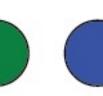

LED T Bulb

Linear Series

SPECIFICATION		
Power Factor	>0.9	
Input Voltage	AC220-240V	
Driver efficiancy	>85%	
Lumen	105lm/W	
THD	<20%	
CRI	>80%	
Surge Protection	4KV	
Ingress Protection	IP20	
Cap Type	B22/E27	
Housing Type	PC Housing With Movable Fixture	

LED HEIGHER WATTAGE BULB

Prismo Dome Series

SPECIFICATION	
Power Factor	>0.9
Input Voltage	AC220-240V
Driver efficiancy	>85%
Lumen	105lm/W
THD	<20%
CRI	>80%
Surge Protection	4KV
Ingress Protection	IP20
Cap Type	B22/E27
Housing Type	PC HOUSING WITH ALUMINIUM INSERT

LED TUBE LIGHT T5

Lumimet Series

SPECIFICATION		
Power Factor	>0.9	
Input Voltage	AC220-240V	
Driver efficiancy	>85%	
Lumen	105lm/W	
THD	<20%	
CRI	>80%	
Surge Protection	4KV	
Ingress Protection	IP20	
Housing Type	Pure Vergin PC	

12V DC Bulb Batro Plus

SPECIFICATION	
Input Voltage	12V
Wattage:	5,9,16
Lumen	105lm/W
Wire Connector	Pure Copper
CAP	Hanging Feature
Ingress Protection	IP20
Housing Type	PC Housing With Heat Shink

DC BULB DRIVER BASED

Batro Plus

SPECIFICATI	ON
Input Voltage	12V-24V
Wattage:	9,
Driver efficiancy	>85%
Lumen	105lm/W
Wire Connector	Pure Copper
CAP	Hanging Feature
Ingress Protection	IP20
Housing Type	PC Housing With Heat Shink
